

## Special Issue

# Emerging Applications of Information Security Technology in Digital Environment

### Message from the Guest Editors

Recent advancements in digital technologies that are the substantial infrastructure of every business are also considered a cause of concern for many business owners and decision-makers. Since systems are getting excessively dependent on complex digital technologies, protecting the systems from cyber-attacks and fraud is playing an integral role to make the most out of recent changes in the digital environment. Topics include but are not limited to the following:

- AI-Based Software Engineering
- Behavioral Information Security and Information Assurance
- Cloud Applications
- Cloud Architecture/Modeling, Services
- Cloud Security
- Intelligent Systems
- Machine Learning Methods
- Multimedia Security
- Natural Language Processing
- Network and Mobile Security
- Neural Networks
- Privacy, Security and Trust Management
- Social Computing and Social Intelligence
- Vision and Speech Perception

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
