

Special Issue

Emerging Trends and Challenges in IoT Networks

Message from the Guest Editors

This Special Issue aims to bring together academic and industrial researchers in sharing their views and ideas concerning emerging trends and challenges in IoT networks. Topics include, but are not limited to, the following areas:

- Near-future technologies, requirements, and challenges of IoT networks;
- Promising models, protocols, management, and architecture for IoT networks;
- Cyber-physical applications over IoT networks;
- Quality of service and experience for IoT networks;
- Age of data issues for IoT networks;
- Knowledge discovery and acquisition for IoT networks;
- Machine learning for IoT networks;
- Edge AI for IoT networks;
- Security and privacy in IoT networks;
- Green IoT networks;
- Self-sustainable IoT networks;
- Industrial IoT networks.

Guest Editors

Prof. Dr. Hosung Park

Department of Cyber Security and Police, Busan University of Foreign Studies, Busan 46234, Republic of Korea

Prof. Dr. Soochang Park

Department of Computer Engineering, Chungbuk National University, Chungbuk 28644, Republic of Korea

Deadline for manuscript submissions

closed (31 August 2023)

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
