

## Special Issue

# Advanced Techniques for Multi-Agent Systems

### Message from the Guest Editors

Multi-agent systems (MASs) represent a vibrant area of research in artificial intelligence that focuses on the coordinated interactions between autonomous agents, each with their own capabilities and goals. We invite researchers to contribute original research articles as well as review articles that explore new developments, propose innovative theories, and present applied research in the field of multi-agent systems (MASs). We welcome comprehensive studies and articles that focus on, but are not limited to, the following areas:

- Adaptive Learning and Decision Making;
- Agent Cooperation and Competition;
- Robustness in Multi-Agent Systems;
- Applications in Robotics;
- Multi-Agent Systems in Gaming;
- Multi-agent Reinforcement Learning;
- Multi-agent Path Finding;
- Multi-Agent Systems for IoT;
- Foundation Model-based Multi-Agents.

***You are welcome to contribute!!!***

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
