

Special Issue

Real-Time Control of Embedded Systems, 2nd Edition

Message from the Guest Editors

This Special Issue welcomes contributions on novel ideas related to embedded systems in various domains such as Industrial Automation, Manufacturing, Robotics, Automotive applications, Appliance Automation, Healthcare, Wearable Systems, Energy Systems, Smart Grids, and Smart Cities. This includes, but is not limited to, the following topics:

- AI-powered real-time control for embedded systems;
- The modelling and simulation of real-time control for embedded systems;
- The sensing and perception of real-time controllers for embedded systems;
- Enhancing the energy efficiency of real-time control for embedded systems;
- Reliable and fault-tolerant real-time controllers for IoT devices;
- Lessons learned from large-scale real-time control of embedded systems.

Guest Editors

Prof. Dr. Deok-Hwan Kim

Department of Electronic Engineering, Inha University, Incheon 22212, Republic of Korea

Dr. Shan Ullah

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.4 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
