

## Special Issue

# Recent Advances in Unmanned System Navigation and Control

### Message from the Guest Editors

The Special Issue addresses innovative forms of technology, such as environmental perception and understanding, real-time accurate autonomous positioning and intelligent navigation in complex scenarios. In the development and trends of autonomous navigation, visual navigation, laser navigation, geophysical field navigation, SLAM, target tracking algorithm and multi-sensor fusion algorithm, these forms of technology have been used to conduct the related key discussions on technology. This Special Issue contributes to the research concerning the autonomous navigation and control of unmanned systems, includes topics on, but not limited to, the following areas:

- Environmental perception;
- Simultaneous localization and mapping;
- Visual-based, Laser-based navigation;
- Geophysical field-based navigation;
- Cooperative navigation;
- Navigation feature modeling, map construction;
- Target tracking;
- Tracking of dynamic targets;
- Three-dimensional mapping;
- Multi-sensor fusion.

---

### Guest Editors

Prof. Dr. Lihui Wang

Dr. Chen Wang

Prof. Dr. Yonggang Zhang

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
