Machine Learning: System and Application Perspective

Message from the Guest Editor

Potential topics include, but are not limited to, the following:

- Machine learning systems;
- New machine learning applications;
- VR/AR applications using machine learning;
- System support for machine learning applications;
- Performance analysis for machine learning systems;
- Natural language processing based on machine learning;
- Speech recognition systems based on machine learning;
- Intelligent virtual human/robot systems.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.
