

## Special Issue

# Machine Learning, Image Analysis and IoT Applications in Industry

### Message from the Guest Editors

Technological advances in communications and storage devices have allowed the industry to generate vast amounts of data. Therefore, the use of artificial intelligence (AI) and the Internet of Things (IoT) technologies in industry has enabled for innovative solutions and industry to become a market leader. However, despite the recent advances made, industry still faces existing and new challenges that must be addressed with new technological solutions. In order to cope successfully with the needs of the industry, it is necessary to investigate multidisciplinary approaches.

This Special Issue invites high-quality research papers to address challenges in industry. This Special Issue “Machine Learning, Image Analysis and IoT Applications in Industry”, invites original research and comprehensive reviews, including but not limited to the following topics:

- machine learning
- image processing
- image segmentation
- deep learning
- data pre-processing
- real-time applications
- transfer learning
- IoT
- distributed machine learning
- big data.

### Guest Editors

Dr. Miguel García-Torres

Data Science and Big Data Lab, Universidad Pablo de Olavide, ES-41013 Seville, Spain

Prof. Dr. Francisco A. Gómez Vela

School of Engineerings, Pablo de Olavide University, ES-41013 Seville, Spain

### Deadline for manuscript submissions

closed (15 May 2024)

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
