

Special Issue

Mechatronic Control Engineering Volume II

Message from the Guest Editors

The current Special Issue primarily represents a collection of extended versions of selected papers presented at the 24th International Conference of Fluid Power and Mechatronic Control Engineering (ICFPMCE) <http://www.icfpmce.com/en>. This Special Issue is expected to include high-quality papers presented at the ICFPMCE 2023 concerning mechatronic control engineering; however, papers not presented at the ICFPMCE are also welcome. We invite you to share your novel ideas and achievements by contributing original research articles or comprehensive review papers to this Special Issue. Potential topics include, but are not limited to, the following:

- Transmission and control;
- Performance monitoring, fault diagnosis and prediction technology;
- Reliability research and application;
- Artificial intelligence;
- Mechatronics;
- Noise and vibration control;
- Intelligent manufacturing and control;
- Robots and applications;
- Additive manufacturing technology;
- Intelligent hydraulic components.

Guest Editors

Prof. Dr. Teng Zhou

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
