

Special Issue

Applications of Next-Generation IoT

Message from the Guest Editor

The submissions should be tutorial in nature and significantly advance the state-of-the-art in the topics on IoT nanosensor/haptic/tactile/wearables, network configurations, IoT for digital business transformation (digitalization), IoT for enhancing the operations in enterprises setup, and IoT systems of systems, which include but are not limited to:

- Human-centric IoT ecosystem
- Services for consumers, industry, retail and society
- Business development and risk management
- Virtualization and decentralized management
- Real-time capabilities, manufacturing of the future
- Integrated terrestrial/satellite communications
- Trustworthy and cost-effective network performance
- Interoperability across hybrid infrastructures
- Art and advanced product development
- Security and control in internet applications

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Physics, Applied) / CiteScore - Q1 (Electrical and
Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.4 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the second half of 2024).
