

## Special Issue

# Artificial Intelligence in Cyberspace Security

### Message from the Guest Editors

Authors are invited to submit original research on both theoretical and practical aspects of security and privacy in networks. Topics of interest for submission include, but are not limited to:

- AI for cyberspace security and safety;
- AI-driven communication network security and privacy protection;
- adversarial machine learning;
- applications of AI for cyberspace security and safety;
- attack and defense methods with adversarial examples;
- big data security;
- cyber physical systems security;
- cyberspace security and safety for IoT;
- database security;
- digital forensics;
- explainable machine learning for cyberspace security and safety;
- firmware security;
- human machine intelligence for cyberspace security and safety;
- malware and botnet;
- network-intrusion detection and safety;
- operation system security;
- privacy and data protection;
- public-key techniques in MPC or other protocols;
- secure AI modeling and architecture;
- etc.

---

### Guest Editors

Dr. Yuanzhang Li

Prof. Dr. Yu-an Tan

Dr. Chen Liang

Dr. Hongfei Zhu

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
