

## Special Issue

# Advanced AR/VR Technologies and Machine Learning Applications in Smart Environments

### Message from the Guest Editor

VR/AR technology has presented new challenges in many application fields, such as metaverse systems, cyber education, and artificial intelligence. In this special issue, we invite original research papers and review articles that consider VR/AR technology and machine learning systems. New system architectures for VR/AR applications and machine learning systems can be addressed from a systems point of view. Potential topics include, but are not limited, to the following:

- VR/AR applications
- Machine learning system
- New VR/AR applications
- System support for VR/AR systems
- Performance analysis for VR/AR system
- Natural language processing
- Speech recognition system
- Intelligent virtual human/robot system

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
