

Special Issue

Antennas for IoT Devices

Message from the Guest Editors

This Special Issue aims to address the design and characterization of new antenna technologies (covering narrow, multiple, and wide frequency ranges) and analysis techniques to handle the diverse requirements of the wide range of IoT applications. Topics of interest include but are not limited to:

- Antennas for IoT wearable devices;
- NB-IoT antennas;
- Critical communications IoT antennas;
- Antennas for precision agriculture;
- Antennas for environmental monitoring;
- Internet of Underground Things antennas;
- Rectennas for IoT devices;
- New composite materials for IoT antennas;
- 3D printing antennas for IoT and IoUT devices;
- Procedures (passive and active) to test the performance of IoT antennas;
- Human exposure to IoT antennas.

Guest Editors

Dr. Nikolay Todorov Atanasov

Dr. Maria Seimeni-Tsumani

Prof. Dr. Hussain Al-Rizzo

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Physics, Applied) / CiteScore - Q2 (Control and
Systems Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.4 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the second half of 2024).
