

## Special Issue

# Recent Advances in Cybersecurity and Information Security

### Message from the Guest Editor

New technologies and methodologies oriented towards security and privacy are continuously being proposed, leading to substantial progress in the fields of cybersecurity and information security to safeguard critical computing infrastructures and data privacy in the information age. This Special Issue covers the theory, applications, and implementations of cybersecurity and information security, aims to showcase the latest research, developments, and advances in cybersecurity and information security. Potential topics include, but are not limited to, the following:

- Cybersecurity data analytic;
- Cryptography and its applications;
- Operating system, database, and computing infrastructure security;
- Software and system security;
- Privacy and data protection;
- Secure multi-party computation;
- Privacy-preserving machine learning;
- Post-quantum cryptography.

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
