

## Special Issue

# State-of-the-Art Artificial Intelligence Technology

### Message from the Guest Editors

*Electronics* is pleased to announce its forthcoming Special Issue, with the aim of presenting state-of-the-art research and reviews in the field of Artificial Intelligence Technology in various countries and territories around the world. We welcome scholars to collaborate with us by submitting their contributions to this Special Issue. Any topic within the scope of Artificial Intelligence Technology is appropriate, but contributions should address new areas or consolidate existing areas with significant recent progress.

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.
