

## Special Issue

# Advances in Mobile Networked Systems

### Message from the Guest Editors

The aim of this Special Issue of *Electronics* is to present state-of-the-art investigations into various advanced mobile networked systems for future applications. We invite researchers to contribute original and unique articles, as well as sophisticated review articles. The topics include, but are not limited to, the following areas:

- Machine learning and deep learning-based smart city;
- Applications in smart IoT and wireless sensor networks;
- Applications in industrial automation with mobile networks;
- Networked robot systems;
- Wireless communication and control in robotics;
- Networked sensor systems for robotics;
- Artificial intelligence and machine learning in networked robotics;
- Human-robot interaction and collaboration in networked environments;
- Biomedical and health monitoring with networked systems;
- Privacy-enhanced machine learning and deep learning for mobile networked systems.

---

### Guest Editors

Dr. Wei Cui

Dr. Yaoming Zhuang

Dr. Wei Zhou

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
