

## Special Issue

# Emerging Technologies in Intelligent Software Methodologies, Tools, and Techniques (Selected Papers from SoMeT 2023)

### Message from the Guest Editors

We invite contributions to our Special Issue on "Emerging Technologies in Intelligent Software Methodologies, Tools, and Techniques". This issue aims to explore the latest advancements in deep learning and reinforcement learning, with a specific focus on their applications in industrial production and supply chain management. Topics of interest include, but are not limited to:

- intelligent software
- deep learning
- reinforcement learning
- emerging technologies
- industrial production
- supply chain management
- software methodologies
- automation
- decision support
- optimization
- artificial intelligence
- industrial applications
- software tools
- advanced algorithms
- intelligent decision-making

---

### Guest Editors

Prof. Dr. Hamido Fujita

Prof. Dr. Guido Guizzi

Dr. Maria Grazia Marchesano

---

### Deadline for manuscript submissions

15 October 2025

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
