

## Special Issue

# The New Era of Satellite Communications, Challenges and Promises

### Message from the Guest Editors

The objective of this Special Issue is to present studies in the field of satellite communications. The issue will address the obstacles that lay ahead, original studies of models, and methods that can overcome the physical and technical boundary conditions, considering technical, economic, and environmental aspects. Researchers are invited to submit their manuscripts to this Special Issue and contribute their proposals, reviews, new ideas and approaches, new directions, and capabilities.

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.
