

## Special Issue

# Enhancing Security of New Generation Blockchain Ecosystems

### Message from the Guest Editors

We invite you to submit your valuable contributions to this Special Issue aimed at enhancing the security of new-generation blockchain ecosystems. The intention of this Special Issue is to shed light on the security of blockchain ecosystems; therefore, we invite authors to exchange research results about (but not limited to) security issues and security gaps of blockchain platforms and their applications. A non-comprehensive list of possible contributions includes:

- Security of consensus protocols;
- Security of smart contracts;
- Security of cross-chain protocols;
- Security of layer-2 blockchain;
- DeFi security issues;
- Security of blockchain for IoT;
- Auditing solutions for blockchain;
- Vulnerability assessment and penetration testing of blockchain and smart contracts;
- Enforcing wallet security;
- Quantum-resistant blockchain.

### Guest Editors

Dr. Federico Lombardi

School of Electronics and Computer Science, University of Southampton, Southampton SO16 7NS, UK

Dr. Silvia Bonomi

Computer Engineering at Department of Computer and Systems Science, Sapienza University of Rome, 00185 Roma, Italy

### Deadline for manuscript submissions

closed (15 April 2023)

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
