Special Issue

Software Engineering for Internet of Things: Architectures, Technologies, and Applications

Message from the Guest Editors

This Special Issue aims to bring together academic research and industrial practices in areas such as architectural models, tools, technologies, and their applications to engineering IoT systems. The proposed Special Issue primarily focuses on: - **Architectures:** System- and software-level architectures that support models, patterns, processes, and languages to architect and develop software-intensive IoT applications and systems. - **Technologies:** Platforms, infrastructures, and implementation technologies that are driven by software engineering to develop, deploy, and operationalise IoT. **- Applications:** Real-world systems and scenarios that apply software engineering principles and practices to engineer IoT that can address the challenges of smart systems, cities, societies, and infrastructures.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero
Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

Author Benefits

High Visibility:
indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:
JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
