

## Special Issue

# Optical Fiber and Optical Communication

### Message from the Guest Editors

The scope of this Special Issue is concentrated on cutting-edge research in established areas of Optical Fiber and Optical Communication. The scope of this Special Issue includes, but is not limited to, the following topics:

- Multi-band (MB) optical transmission and switching.
- Optical Xhaul for 5G and beyond.
- Optical Communication exploiting photonic integrated circuits.
- Multi-mode/few-modes/multi-core optical spatial division multiplexed (SDM) networks.
- Optical network control, management, and orchestration, including SDN and NFV solutions.
- Slicing, service chaining, virtualization, and multi-tenancy techniques.
- Novel network telemetry and real-time monitoring technologies for optical communication.
- Impact of the hollow fiber revolution on optical network design.
- Energy efficiency.
- Optical sensing.
- Data-center networking.
- Open and disaggregated optical networks.
- Free Space Optics.
- Natural disaster management using optical communication.
- Network telemetry real-time monitoring.
- Visible Light Communications.

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
