

## Special Issue

# New Insights in Cybersecurity of Information Systems

### Message from the Guest Editors

This Special Issue will focus on AI and the security of information systems and covers the applications of artificial intelligence, network security, and resilience theory in information systems, which are important for the development of information systems in the future. Topics of interest include all aspects of system architectures, models and algorithms for cybersecurity, and graph data mining, including, but not limited to, the following detailed list:

- Security for information systems,
- AI for cybersecurity,
- Intelligent systems,
- Human analysis and behavior understanding,
- Risk assessment,
- Vulnerability mining,
- Adversarial learning,
- Bayesian networks,
- Graph data and graph neural networks,
- Efficient model training, inference, and serving.

---

### Guest Editors

Dr. Yun Zhou

Dr. Zhaoyun Ding

Dr. Qianzhen Zhang

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
