

## Special Issue

# Analysis and Control Techniques in Power-Electronic-Based Power System

### Message from the Guest Editors

This Special Issue seeks to bring together researchers from both academia and industry to introduce the latest control techniques for the power-electronic-based power systems and discuss future research opportunities. Topics of interest include, but are not limited to, the following:

- Analysis of power-electronic-based power systems;
- Power quality problem of power-electronic-based power systems;
- Topology of power-electronic-based power systems;
- Modelling technique of power converters;
- Advanced control strategy of power-electronic-based power systems;
- Control techniques for microgrids;
- Converter design for different regulation requirement;
- Control of grid-forming storage converter;
- Transient stability of power-electronic-based power systems.

### Guest Editors

Dr. Sunhua Huang

Dr. Xin Li

Dr. Yang Zhou

Dr. Jian Ai

### Deadline for manuscript submissions

closed (15 November 2024)

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
