# **Special Issue**

# Machine Learning and Computer Vision for Image Processing and Recognition

### Message from the Guest Editors

Suggested themes for contributions to focus on include, but are not limited to, the following:

- Deep Learning Architectures for Image Analysis: Novel neural network designs for improved image classification, segmentation, and recognition.
- Real-Time Image Processing: Techniques for efficient and scalable image processing in dynamic environments.
- Multimodal Fusion: Integration of computer vision with other data modalities (e.g., text, audio) to enhance recognition performance.
- Medical Imaging: Applications of computer vision in diagnostics, treatment planning, and healthcare monitoring.
- Robust Object Detection and Tracking: Advanced algorithms for accurate detection, tracking, and identification in complex scenes.
- Explainable AI in Vision: Methods to enhance the transparency and interpretability of computer vision models.

We look forward to receiving your contributions.

### **About the Journal**

### Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

### **Author Benefits**

### **High Visibility:**

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)

### **Rapid Publication:**

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
