

Special Issue

Convolutional Neural Network Design and Hardware Implementation for Real-Time Vision Applications

Message from the Guest Editor

General topics covered in this Special Issue include, but are not limited to:

- FPGA-based hardware acceleration of vision algorithms;
- GPU-based acceleration of vision algorithms;
- Embedded vision sensors for applications that require real-time performance;
- CNN architecture optimizations for real-time performance;
- CNN acceleration through approximate computing;
- GPU-based implementations for real-time CNN performance;
- FPGA-based implementations for real-time CNN performance;
- Real-time CNN performance on resource limited systems;
- CNN applications that require real-time performance;
- Tradeoff analysis between speed and accuracy in CNNs.

Welcome to contribute!

Guest Editor

Prof. Dr. Dah-Jye Lee

Department of Electrical and Computer Engineering, Brigham Young University, Provo, UT 84602, USA

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
