

## Special Issue

# Distributed Computing and Storage

### Message from the Guest Editor

Topics of interest for the Special Issue include, but not limited to, the following list:

- Fundamental limits in DCS systems
- New design in coded DCS systems
- Networking in DCS systems
- Performance analysis and optimizations in DCS systems
- System software and middleware design of DCS systems
- Network function virtualization for large scale DCS systems
- Big data analytics in DCS systems
- Wireless (edge) distributed computing applications
- Incentive models or techniques for the applications of edge DCS systems
- Security and privacy issues in DCS systems
- Simulation and emulation platform for edge DCS systems
- Algorithms and techniques for computation offloading in edge DCS paradigm
- Physical layer communications and networking in edge DCS systems
- Machine learning and optimization in DCS systems
- Distributed and parallel computing in modeling and simulation

Welcome to contribute!

---

### Guest Editor

Dr. Mingyue Ji

Electrical and Computer Engineering Department, University of Utah,  
Salt Lake City, UT 84112, USA

---

### Deadline for manuscript submissions

closed (31 March 2019)

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.4 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
