

Special Issue

Advances in Electronics Technology

Message from the Guest Editors

This Special Issue comprises selected papers from the proceedings of the IEEE 5th International Conference on Electronics Technology (ICET 2022), held from 13 to 16 May in Chengdu, China. This conference offers an annual platform for international scientists, engineers, and researchers to present the latest research results, ideas, developments, and applications in electronics technology. We would like to invite authors of the conference's best papers and authors who present novel and original research and developments in the conference to contribute to this Special Issue. Nevertheless, we also welcome regular research or review articles on all aspects of electronics technology. Potential topics include but are not limited to the following items:

- Antennas and microwaves;
- Electronics materials and devices;
- Communication and networks;
- Power and electrical engineering;
- Aerospace and electronics systems;
- Electronics applications;
- Internet of Things;
- Embedded systems;
- AI and applications;
- Control and robotics;
- Signal processing.

Guest Editors

Prof. Dr. Wensheng Zhao

School of Electronics and Information, Hangzhou Dianzi University,
Hangzhou 310018, China

Prof. Dr. Jun Wu

College of Intelligence Science and Technology, National University of
Defense Technology, Changsha 410073, China

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.4 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
