

Special Issue

Emerging Trends and Approaches to Cyber Security

Message from the Guest Editors

This special issue focusses on emerging trends and technologies in the broad area of cyber security and include all aspects of the modelling, design, implementation, deployment, and management of security algorithms, protocols, architectures, and system, from physical-layer technology to the application layer. The topics of interest include, but are not limited to: * Physical layer security on 5G and beyond 5G technology * IoT security and privacy * Resilient IoT framework based on AI/Machine Learning * Threat detection with AI/ML * Lightweight cryptographic algorithms for IoT devices * Biometric and emerging authentication technologies * Malware detection * Security and privacy in fog/edge computing * Security in connected and autonomous vehicles * Cyber Threat Intelligence * Secure software development framework * Social aspects to cyber security * Cyber crime law

Guest Editors

Dr. Rupak Kharel

Faculty of Science and Technology, University of Central Lancashire,
Preston PR1 2HE, UK

Prof. Dr. Krishna Busawon

Department of Mechanical and Construction Engineering, Northumbria
University, Newcastle upon Tyne, United Kingdom

Deadline for manuscript submissions

closed (20 April 2023)

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
