

Special Issue

Engineering Metamaterials

Message from the Guest Editor

This Special Issue on “Engineering Metamaterials” focuses on the theory and applications of electromagnetic metamaterials, metasurfaces, and metamaterial transmission lines as the building blocks of present-day and future electronic, photonic, and microwave devices. Submissions are invited on topics including, but not limited to:

- Active, smart, and controllable metamaterials,
- Metamaterials for green energy,
- Metamaterials for radiative heat transfer,
- Metamaterials for biomedical applications,
- Fractal and topological metamaterials,
- Metamaterials for absorbers and energy harvesters,
- Metamaterial antennas and sensors,
- Metamaterials for wave front and polarization control,
- Metamaterial waveguides and transmission lines,
- Metamaterial-inspired filters, phase shifters and delay lines.

Welcome to contribute!

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
