

Special Issue

Important Features Selection in Deep Neural Networks

Message from the Guest Editors

This Special Issue aims to cover recent advances in DNN architecture compression, attention-based optimisation and understanding the model results. Reviews and surveys of the state-of-the-art DNN compression and attention models are also welcomed. The topics of interest for this Special Issue include:

- DNN compression;
- DNN pruning;
- Attention-based modules;
- Transformers;
- Saliency-based explainability;
- Attention visualization;
- NLP and speech processing;
- Computer vision;
- Edge computing;

However, please do not feel limited by these topics; we will consider submissions in any area of feature selection in DNN architectures. Please click [here](#) to find more information!

Welcome to contribute!

Guest Editors

Dr. Matei Mancias
Dr. Jean-Benoit Delbrouck

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.4 days after
submission; acceptance to publication is undertaken in 2.6
days (median values for papers published in this journal in
the second half of 2025).
