

## Special Issue

# Progress in MEMS/NEMS Devices

### Message from the Guest Editor

Ever since they first emerged as a spinoff from integrated circuit technology, MEMS/NEMS devices have experienced progress that has not only been remarkable but is still rapidly progressing. Worldwide, excellent research activities on MEMS/NEMS devices are steadily contributing to the progress of the state-of-the-art, and in this Special Issue, we will highlight work of excellence in the field. Potential topics include, but are not limited to, the keywords listed below:

- MEMS devices
- NEMS devices
- micro- and nanosystems
- Microsensors
- Microactuators
- Silicon micromachining
- Bulk micromachining
- Surface micromachining
- Front-end electronics
- Monolithic integration

Welcome to contribute!

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
