

## Special Issue

# High-Power Density Multilevel Inverter/Converter System

### Message from the Guest Editors

This Special Issue focuses on the analysis, design, and implementation of high-power density multilevel inverter/converter systems for its miniaturization, lightening of weight, high efficiency, and high reliability. The topics of interest include, but are not limited to, the following:

- Multi-level or multi-modular inverter/converter
- Solid-state transformer
- Parallel-series structure inverter/converter
- Zero-voltage-switching (ZVS)/zero-current-switching (ZCS) converter
- High-power-density converter
- Modulation (or switching) methods
- Voltage/current balancing control
- Fault detection and tolerant control
- Reliability evaluation and improvement method

Please click here to [find](#) more information! Welcome to contribute!"

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
