

## Special Issue

# Advances in Software Security

### Message from the Guest Editor

Software security has played a central role in securing systems worldwide. The advent of machine learning, advancements in compiler and blockchain technologies, etc., have led to fresh perspectives on software security. There is a need for advanced software security solutions that address the needs of an ever-expanding community of cybersecurity. Potential topics include, but are not limited to:

- Detection and prevention of malware
- Machine-learning-based software security
- Cybercrime defence and forensics
- Attack prevention, diagnosis, and response
- Security and privacy for blockchains and cryptocurrencies
- Smart contracts
- Public key infrastructures, key management, certification, and revocation
- Security for cloud/edge computing
- Mobile security
- Security for emerging networks and systems
- Security and privacy of systems based on machine learning and AI
- Hardware-software cohesive security

***You are welcome to contribute!!!***

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
