

## Special Issue

# Recent Advances in Optical Fiber Sensing and Applications

### Message from the Guest Editors

Over the past few decades, optical fiber sensors (OFSs) have evolved into indispensable tools across a myriad of industries. In recognition of the continuous advancements in optical fiber sensing methodologies, we cordially extend an invitation for your contribution to our upcoming Special Issue entitled "*Recent Advances in Optical Fiber Sensing and Applications*". We welcome original research and review articles concerning recent developments and applications of fiber optic sensors, including, but not limited to, the following:

- Optical fiber interferometers;
- Optical fiber spectroscopy;
- Fiber Bragg gratings;
- Distributed fiber optic sensing;
- Fiber optic imaging system;
- Specialty optical fibers sensors;
- Biomedical and healthcare-oriented optical fiber sensors;
- Integration of machine learning in optical fiber sensor technology;
- Advanced materials for optical fiber sensing;
- Novel signal processing methodologies in optical fiber sensing;
- Diverse industrial applications of fiber optic sensing spanning civil structures, aerospace, oil and gas, environmental monitoring, security, military and defense, and steel industry.

### Guest Editors

Dr. Bohong Zhang

Department of Electrical and Computer Engineering, Missouri University of Science and Technology, Rolla, MO 65409-0040, USA

Dr. Jie Huang

Department of Electrical and Computer Engineering, Missouri University of Science and Technology, Rolla, MO 65409, USA

### Deadline for manuscript submissions

closed (15 April 2025)

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
