

Special Issue

Safe and Secure Embedded Systems

Message from the Guest Editors

This Special Issue solicits novel research in topics that include, but are not limited to:

- modeling of safety and security concerns in embedded systems
- interdependencies between safety and security in embedded systems
- integrated approaches safety and security
- security in safety-critical systems
- run-time mechanisms in hardware and software to support safety and security
- safety and security in parallel and/or heterogeneous computing platforms
- methods, tools, and techniques for modeling, design, and verification of safe and secure embedded systems
- implications of regulation and certification on safety and security in embedded systems
- thread and hazard analysis of hardware and software components
- fault tolerant designs for safe and secure embedded systems
- hardware and software co-design and specialization for safe and secure embedded systems

Welcome to contribute!

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
