Special Issue

Security Governance & Information Security Management Systems

Message from the Guest Editors

This Special Issue will focus on the different trends associated with security governance and information system security management to provide a broad and comprehensive view of this complex scenario.

Proposals for this Special Issue on "Security Governance & Information Security Management Systems" are requested to represent an overview of the current status of this research field, covering a variety of topics including, but not limited to, new standards, frameworks, methods, algorithms, solutions, and applications in the following areas:

- Cybersecurity governance and awareness
- Information security management systems
- Information system risk analysis and management
- Cybersecurity risk in Industry
- Security compliance
- Cybersecurity law & regulations
- Cybersecurity audits
- Business continuity plans
- Resiliency policy
- Maturity levels in information security management systems
- Emerging challenges in information security management systems
- Blockchain technology for information security management systems
- Quantum technology for information security management systems

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
