

Special Issue

Serious Games and Extended Reality (XR)

Message from the Guest Editors

We would particularly like to invite submissions of games on topics that have received little or no attention to date. We would also like to encourage the submission of games that use immersive technology such as augmented or virtual reality. Topics in this Special Issue of Serious Games include, but are not limited to:

- mixed reality
- education
- languages
- natural sciences
- cultural heritage
- health
- economy
- politics

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.
