

Special Issue

Smart Sensor Networks

Message from the Guest Editors

This Special Issue solicits the submission of high-quality and unpublished papers as well as extended papers from the 13th International Conference on Sensing Technology to be held during December 2 to 4, 2019 in Sydney, Australia that aim to solve open technical problems and challenges typical of smart sensors and sensor networks. The main aim is to integrate novel approaches efficiently, focusing on the performance evaluation and the comparison with existing solutions. Both theoretical and experimental studies for typical smart sensors and sensor networks including all recent communication methodologies including LoRaWan, LTE, and 5G are encouraged. Furthermore, high-quality review and survey papers are also welcome. Submitted papers from ICST 2019 should be extended to the size of regular research or review articles, with at least a 50% extension of new results. Welcome to contribute!

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
