

energies

Dear Colleagues,

We are pleased to announce that the winner of the *Energies* 2022 Young Investigator Award is Prof. Dr. Saeed Golestan.

Prof. Dr. Saeed Golestan is an Associate Professor (under assessment) at AAU Energy, Aalborg University (AAU), Aalborg, Denmark. His research interests are in designing control systems for grid-tied power converters, designing grid synchronization and signal processing algorithms/filters for AC power applications, modeling and stability assessment of power electronic-based power systems including wind and PV systems, and the application of quantum computations in solving power systems problem. Prof. Dr. Saeed Golestan received his PhD in 2018 and has an outstanding publication record, and is the principal author of 55 papers in prestigious journals and co-author of 28 journal papers. These articles have received more than 6200 citations. He is a senior member of IEEE, and an associate editor of IEEE Transactions on power electronics and the Journal of *Energies*. This is an outstanding achievement in today's competitive environment. Please join us in congratulating Prof. Dr. Saeed Golestan for his outstanding achievements.

2022 YOUNG INVESTIGATOR AWARD WINNER

As the awardee, Prof. Dr. Saeed Golestan will receive an honorarium of CHF 2000, an offer to publish a paper free of charge before 31 December 2023 in *Energies* after peer-review, and an electronic certificate.

We would like to thank all the nominators from various fields of study for their participation and all the Award Committee Members for their evaluation of the many excellent nominations.
