Hybrid AC/DC Transmission Grids

Guest Editors:

Prof. Dr. Francisco Gonzalez-Longatt

Electrical Power Systems,
University of South-Eastern
Norway, Porsgrunn, Norway

Prof. Dr. Jose Luis Rueda

Department of Electrical
Sustainable Energy, Delft
University of Technology,
Mekelweg 4, 2628 CD Delft, The
Netherlands

Deadline for manuscript
submissions:

closed (28 February 2021)

Message from the Guest Editors

Dear Colleagues,

This Special Issue is dedicated to identify, address, and disseminate state-of-the-art research works on in novel aspects of hybrid AC/DC transmission and distribution networks. As a consequence, this Special Issue brings together scholars, researchers, scientists, engineers, and administrators on a common platform, to disseminate the scientific innovations that benefit the scientific community and have a positive impact on society.

The guest editorial team are soliciting high quality, original, and of timely significance research papers with novel contributions in all of the above aspects.

Prof. Dr. Francisco Gonzalez-Longatt

Prof. Dr. Jose Luis Rueda

Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
