## Selected Papers from 5th International Conference on Power and Energy Systems Engineering (CPESE 2018)

Guest Editor:

**Prof. Dr. Toshihisa Funabashi**

EcoTopia Science Institute,  
University of the Ryukyus,  
Nagoya, Japan

Deadline for manuscript  
submissions:

**closed (31 December 2018)**

### Message from the Guest Editor

The 2018 5th International Conference on Power and Energy Systems Engineering (CPESE 2018) was held at Nagoya University, Japan, from 19–21 September 2018. CPESE is the premier power and energy systems engineering conference, providing a forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, experiences and concerns in the field of power and energy systems engineering.

The primary focus of the conference is on new and original research results in the areas of theoretical findings, design, implementation, and applications. Both theoretical papers and simulation (experimental) results are welcome.

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compindex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (Control and Optimization)
