Message from the Collection Editor

Dear Colleagues,

Energy is one of the most important factors of production. Its efficient use is crucial for production and environmental quality. Authors of solid and full-length empirical studies using data at the household, firm, farm, industry, region and country level and advanced methods are invited to submit their research for publication in this Special Issue.

Keywords

- Energy use efficiency
- Energy policy and incentives
- Energy cost efficiency
- Improved environmental quality
- Energy saving
- Energy efficient technologies and equipment

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
