Message from the Guest Editor

Dear Colleagues,

This Special Issue will promote state-of-the-art research covering all aspects of the design, implementation, and testing of intelligent, low-power IoT systems and applications that include smart algorithms or management processes or exploit augmented and interactive control interfaces. High-quality contributions addressing related theoretical and practical aspects are expected.

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
