Message from the Guest Editor

This Special Issue aims to present the most efficient knowledge and project management practices, methods, and ICT solutions in energy sources and energy consumption areas that are being developed for efficient adjustment to dynamic changes. These include, in particular, but not exclusively:

- Knowledge management;
- Project management;
- Change management;
- ICT solutions;
- Sustainable development;
- Energy sources;
- Energy consumption;
- The energy industry.

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
