State Key Laboratory of
Advanced Electromagnetic
Engineering and Technology,
School of Electrical and
Electronic Engineering,
Huazhong University of Science
and Technology, Wuhan 430074,
China

Dear Colleagues,

The Huazhong University of Science and Technology (HUST) was founded in 1952. It is a comprehensive research university located in Wuhan, China, under the direct supervision of the Ministry of Education. It is a participant university of the former “985” Project in China and also one of the first universities approved under the national “Double First-Class” Initiative, China’s “Excellence Initiative” for institutions of higher education. The HUST has consistently ranked among the top 10 universities in China in the major domestic and international rankings, including the Shanghai Ranking’s Academic Ranking of World Universities and the US News and World Report Best Global Universities Ranking.

Deadline for manuscript
submissions:

closed (27 June 2024)

To celebrate the 70th anniversary of the HUST, *Energies* will publish this Special Issue, entitled “Electrical Engineering Technology in Huazhong University of Science and Technology: Celebrating the 70th Anniversary”. This Special Issue will collect high-quality full research articles or comprehensive literature reviews with the broad scope of electrical engineering technologies.

Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
