Message from the Guest Editors

Dear Colleagues,

The Guest Editors are inviting submissions to a Special Issue of *Energies* on the subject of “Energy Transition and Social Innovation towards Renewables”. Topics of interest for publication include, but are not limited to:

- Interest, motivation, and value in energy transition;
- Energy transition and new social ontology;
- Energy as commons and shared property;
- Social innovation in the frame of energy technical apparatuses;
- The agentic actors of social innovation in the energy field;
- Collective action for energy transition;
 - Social innovation as a collective action endeavor;
 - Historical and spatial comparative analysis of energy cooperatives;
 - Institutional logics and energy communities;
 - Collective action and social practices for energy prosumption.

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (Control and Optimization)
