

Special Issue

Selected Papers from the 16th Conference 'Air, Heat and Energy'

Message from the Guest Editors

This Special Issue will collect selected papers presented at the Air, Heat, and Energy Conference, which will be held on 13–16 June 2023 in Karpacz, Poland. Authors of high-quality papers from the conference are encouraged to submit extended manuscripts to this dedicated Special Issue. This opportunity is also advertised on the conference website (<https://airandheat.pl/>). The Air, Heat, and Energy Conference is a meeting place for both researchers and engineers to discuss the recent advances in the area of sustainable energy systems in buildings. The conference covers a wide range of topics related to energy generation, storage, transmission, and conservation. Regulations, standards, and policies related to these topics are also within the scope of the Special Issue. The topics of interest include, but are not limited to, the following: - Heating, ventilation, and air conditioning (HVAC),

- Sanitary systems,
- Gas networks and installations,
- Energy conservation and energy storage,
- Heat pumps, heat recovery, and phase change materials,
- Renewable energy resources,
- Sustainable development and smart cities,
- Smoke and heat exhaust ventilation.

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
