

Special Issue

Sustainable Energy and Power Systems

Message from the Guest Editors

The [International Conference on Sustainable Energy & Power Systems](#), “SEPS”, provides a global forum for researchers and practitioners to present papers on recent developments in these fields. The organising committee of the conference invites papers from researchers and practitioners from academia as well as industry within the scope of the conference. Papers related to industrial-based projects are of particular interest, although any paper dealing with one or more of the following topics will be considered for the conference: Energy Storage Systems; Renewable Energy Harvesting and Management Technologies; Energy Efficiency in Process Industries; Smart Grids; Bio-Energy; Hydrogen and Fuel Cell; Energy Modelling and Simulation; Carbon Capture and Decarbonization Technology Research; Nuclear Energy; Energy Management; Energy Economy; Sustainable Transportation; AI in Energy Developments; Circular Economy for Renewable Energy; Waste Management; Water Treatment, Management and Policy; Climate Change; Air Pollution; Energy Nexus; Materials for Energy.

Guest Editors

Dr. Abrar Inayat

1. Biomass & Bioenergy Research Group, Center for Sustainable Energy and Power Systems Research, Research Institute of Sciences and Engineering, University of Sharjah, Sharjah 27272, United Arab Emirates
2. Department of Sustainable and Renewable Energy Engineering, University of Sharjah, Sharjah 27272, United Arab Emirates

Prof. Dr. Abdul-Ghani Olabi

1. Department of Sustainable and Renewable Energy Engineering, University of Sharjah, Sharjah P.O. Box 27272, United Arab Emirates
2. Mechanical Engineering and Design, School of Engineering and Applied Science, Aston University, Aston Triangle, Birmingham B4 7ET, UK

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba
Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
