

Special Issue

Advances in Wastewater Treatment, 2nd Edition

Message from the Guest Editors

Water pollution remains a major global challenge, threatening ecosystems and human health. Wastewater treatment is essential for ensuring water quality, meeting regulatory standards, and advancing sustainable solutions. This Special Issue focuses on innovative approaches for wastewater treatment, resource recovery, and energy production. **Topics of Interest:**

- Energy recovery from wastewater treatment
- Industrial wastewater bio-refinery & assessment
- Physico-chemical & biological treatment processes
- Electrochemical & advanced oxidation technologies
- Sustainable and green wastewater treatment solutions
- Innovative design, modeling, and optimization

We invite high-quality **original research and review articles** on cutting-edge wastewater treatment technologies. Contribute to advancing sustainable water management! **Submit your manuscript today!**

Guest Editors

Dr. Marin Ugrina

Faculty of Chemistry and Technology, Department of Environmental Engineering, University of Split, Ruđera Boškovića 35, 21 000 Split, Croatia

Dr. Jelena Milojković

Institute for Technology of Nuclear and Other Mineral Raw Materials, 86 Franchet d'Esperey St., Belgrade, Serbia

Deadline for manuscript submissions

31 August 2025

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
