

Special Issue

Hybrid AC/DC Transmission Grids

Message from the Guest Editors

This Special Issue is dedicated to identify, address, and disseminate state-of-the-art research works on in novel aspects of hybrid AC/DC transmission and distribution networks. As a consequence, this Special Issue brings together scholars, researchers, scientists, engineers, and administrators on a common platform, to disseminate the scientific innovations that benefit the scientific community and have a positive impact on society. The guest editorial team are soliciting high quality, original, and of timely significance research papers with novel contributions in all of the above aspects.

Guest Editors

Prof. Dr. Francisco Gonzalez-Longatt

Electrical Power Engineering, Institutt for Elektro, IT og Kybernetikk,
Universitetet i Sørøst-Norge, Porsgrunn, Norway

Prof. Dr. Jose Luis Rueda

Department of Electrical Sustainable Energy, Delft University of
Technology, Mekelweg 4, 2628 CD Delft, The Netherlands

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba
Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
