

## Special Issue

# Renewable Energy and Hydrogen Energy Technologies

### Message from the Guest Editors

This Special Issue aims to present and disseminate the innovative research and advanced technologies in all relevant aspects of renewable energy and hydrogen energy. Topics of interest for publication include, but are not limited to, the following:

- Hydrogen production;
- Hydrogen storage;
- Hydrogen transportation;
- Hydrogen application;
- Hydrogen fuel cell materials and their preparation;
- Power system integration;
- Power system modelling, planning and coordination;
- Renewable energy forecasting;
- Integrated energy system;
- Power and energy conversion;
- Energy storage and conversion for grid and transportation applications;
- Energy management for energy storage systems.

---

### Guest Editors

Prof. Dr. Kai Song

Dr. Jin Lin

Dr. Fulin Fan

Dr. Jinhai Jiang

---

### Deadline for manuscript submissions

10 December 2025

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

---

### Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
